### **Section 283-3 Restrictions**

- A. Temporary storage containers, and other portable structures, including temporary bathroom structures, shall not encroach into the front yard, side yard, or rear yard setbacks, but in any event shall not extend beyond the front plane of the house and shall only be permitted on the lot within the driveway area or rear of the dwelling.

### **Section 238-4 Permit Procedure**

Prior to the delivery or use of any temporary storage container on residential property, an application must be made to the Zoning Officer for a permit allowing the delivery and use of such temporary storage container. Such application must include a survey reflecting the proposed location of the temporary storage container on the property. Permits issued shall allow for the use of such temporary storage container for a period of 90 days, provided, however, that if it shall become necessary to extend said time period beyond the initial 90 days, a property owner may make an application to the Zoning Officer for an extension of time not to exceed an additional 90 days and shall not exceed a total of 180 days.
